

Pitch your Research

Date: May 9, 2023, 10 a.m. – 4 p.m., OTH Regensburg

On **May 9, 2023 from 10 a.m. – 5 p.m.** Netzwerk INDIGO, [BayWISS Joint Academic Partnership Digitalisation](#) and the PhD programme of [Bavarian Research Institute for Digital Transformation \(bidt\)](#) organise the **interdisciplinary** on-site workshop „**Pitch your Research**“.

The event invites **doctoral researchers from all academic backgrounds** who work in the field of **digitalisation**. Participants have the opportunity to present their dissertation topics in a scientific **short presentation** (10 minutes maximum). Due to the interdisciplinary approach, these presentations should be comprehensible for those doctoral researchers with different academic backgrounds. After each presentation, the presenters will receive feedback from the audience. Therefore, this workshop is an ideal opportunity to receive feedback from **peers** on your own dissertation, to learn from others and to establish a network of junior researchers. Doctoral researchers at the start of their dissertations are also welcome and encouraged to participate. The event is held in **German**, presentations in **English** are also welcome.

Besides the presentations, there will also be opportunities for networking and exchanging experiences with others.

Programme

10 a.m.	Beginning of the event and introduction
10:10 a.m.	Short introduction of participants
10:30 a.m.	Sophie Jörg, Hochschule für Philosophie München Democracy by (Tech-)Design? Wie Designentscheidungen demokratisches Handeln fördern
