

Pitch your Research

Date: May 9, 2023, 10 a.m. – 5 p.m., OTH Regensburg

The poster features an illustration of three people in a meeting. A man on the left is sitting on a large gold coin, working on a laptop. A woman in the center is holding a small chart. A man on the right is pointing at a whiteboard with a flowchart. The background is light blue with various icons like a gear, books, and a plant. The text 'Pitch your Research' is at the top, and 'Interdisciplinary workshop for doctoral researchers' is at the bottom. On the right side, there is a grey box with the text 'Save the Date May 9, 2023 10 a.m. - 5 p.m. OTH Regensburg' and logos for 'netzwerk INDIGO', 'BayWISS', and 'bidt'.

Interdisciplinary workshop for doctoral researchers

On **May 9, 2023 from 10 a.m. – 5 p.m.** Netzwerk INDIGO, [BayWISS Joint Academic Partnership Digitalisation](#) and the PhD programme of [Bavarian Research Institute for Digital Transformation \(bidt\)](#) organise the **interdisciplinary** on-site workshop „**Pitch your Research**“.

The event invites **doctoral researchers from all academic backgrounds** who work in the field of **digitalisation**. Participants have the opportunity to present their dissertation topics in a scientific **short presentation** (10 minutes maximum). Due to the interdisciplinary approach, these presentations should be comprehensible for those doctoral researchers with different academic backgrounds. After each presentation, the presenters will receive feedback from the audience. Therefore, this workshop is an ideal opportunity to receive feedback from **peers** on your own dissertation, to learn from others and to establish a network of junior researchers. Doctoral researchers at the start of their dissertations are also welcome and encouraged to participate. The event is held in **German**, presentations in **English** are also welcome.

Besides the presentations, there will also be opportunities for networking and exchanging experiences with others.

If you want to give a presentation, please indicate this in the registration form below and tell us the preliminary title of your presentation. However, it is also possible to attend the event without giving a presentation solely as a participant.

Registration is possible until April 7, 2023.

Presentation coaching

Date: May 3, 2023, 9 a.m. – 12:30 p.m.

The workshop is preceded by an **online training session** to improve your own **presentation skills**. In this presentation coaching on **May 3, 2023**, the participants will receive advice and exercises for a universally comprehensible and interesting pitch. In addition to learning about the basic principles and mixed forms of different forms of presentation (e.g., science slam and typical scientific presentation), there will be an **opportunity to improve your own short presentation**.

The training will take place on May 3, 2023 from 9 a.m. – 12:30 p.m. via **Zoom**. Participation is **not obligatory**, but offers a good opportunity to prepare your own short presentation for the „Pitch your Research“-workshop.

We were able to bring in **Karina Amann** (Dipl.-Päd. (Univ.) and speech teacher) from the OTH Regensburg as a coach. Doctoral researchers, who would like to participate in the optional presentation coaching, please indicate this in the registration below.

Organisation

The „Pitch your Research“-workshop on May 9, 2023, will be held **fully on site** on the campus of **OTH Regensburg**.
