Date: June 18, 2024, 10 a.m. – 4 p.m., OTH Regensburg

On **June 18, 2024 from 10 a.m. – 4 p.m.** Netzwerk INDIGO, BayWISS Joint Academic Partnership Digitalisation and the PhD programme of Bavarian Research Institute for Digital Transformation (bidt) organise the on-site workshop „**Pitch your Research**“.

The event invites **doctoral researchers from all academic backgrounds** who work in the field of **digitalisation**. Participants have the opportunity to present their dissertation topics in a scientific **short presentation** (10 minutes maximum). Due to the interdisciplinary approach, these presentations should be comprehensible for those doctoral researchers with different academic backgrounds. After each presentation, the presenters will receive feedback from the audience. Therefore, this workshop is an ideal opportunity to receive feedback from **peers** on your own dissertation, to learn from others and to establish a network of junior researchers. Doctoral researchers at the start of their dissertations are also welcome and encouraged to participate. The event is held in **German**, presentations in **English** are also welcome.

Besides the presentations, there will also be opportunities for networking and exchanging experiences with others.

If you want to give a presentation, please indicate this in the registration form below and tell us the preliminary title of your presentation. However, it is also possible to attend the event without giving a presentation solely as a participant.

Registration is possible until May 15, 2024.

Presentation coaching

Date: June 13, 2024, 9 a.m. – 12:00 p.m.

The workshop is preceded by an **online training session** to improve your own **presentation skills**. In this presentation coaching on **June 13, 2024**, the participants will receive advice and exercises for a universally comprehensible and interesting pitch. In addition to learning about the basic principles and mixed forms of different forms of presentation (e.g., science slam and typical scientific presentation), there will be an **opportunity to improve your own short presentation**.

The training will take place on June 13, 2024 from 9 a.m. – 12:00 p.m. via **Zoom**. Participation is **not obligatory**, but offers a good opportunity to prepare your own short presentation for the „Pitch your Research“-workshop.

We were able to bring in **Karina Amann** (Dipl.-Päd. (Univ.) and speech teacher) from the OTH Regensburg as a coach. Doctoral researchers, who would like to participate in the optional presentation coaching, please indicate this in the registration below.

Organisation

The „Pitch your Research“-workshop on June 18, 2024, will be held fully on site in Regensburg.

Organiser:

- **Netzwerk Internet und Digitalisierung Ostbayern (INDIGO)**
Contact: info@indigo-netzwerk.de – [Privacy policy of Netzwerk INDIGO](#)
- **BayWISS Verbundkolleg Digitalisierung**
Contact: digitalisierung.vk@baywiss.de – [Privacy policy of BayWISS](#)
- **bidt**
